Healthy, vigorous, vital, satisfying.
Your produce - and our service.

For shippers between the West Coast and Northern Europe, what Hamburg Süd has cultivated is a propensity for quality and reliability. It starts with a strong, stable route structure. We give you complete West Coast coverage, plus a great selection of mainline Europe entry/exit points – all with excellent intermodal and relay service connections. Then we add water – with fixed-day weekly services and superlative reliability*. There’s our kid-glove cargo care, logistical support and highly attentive service – all hands-on and home-grown. Hamburg Süd... we are what we ship.

* Judged by Seaintel as the World No.1 for on-time arrivals for the past three months in a row (December–February).
