

# HAMBURG SÜD AND AVANTIDA

## AN EASY MATCH TO WIN-WIN...

## HAMBURG Süd has adopted AVANTIDA for ReUse and Depot Change request (be means of depotX)

- As part of Hamburg Süd's **continuous efforts to improve her services**, Hamburg Süd Area West-Europe has adopted **AVANTIDA** for container re-use requests and Drop off & Pick up change requests.
- Re-use or depot change requests via **laborious and time consuming e-mail or phone call** actions to our LOG team in Rotterdam are no longer required. **Fast and easy requests via AVANTIDA** is the way to go.
- Hamburg Süd's customers and it's transport companies are therefore kindly requested to **submit their requests via the online Portal of Avantida** (<https://portal.avantida.com>).
- **More information** on these services and applications can be found on [www.avantida.com](http://www.avantida.com)
- In case customers or it's transport companies are not yet registered to this platform, please find more **information on how to register and start making requests** on <http://support.avantida.com/hc/en-gb>
- If required, the **Avantida support team is readily available** to guide you through the entire process via [support@avantida.com](mailto:support@avantida.com) or via +32 3 369 05 10 (Benelux), +33 9 70 73 84 60 (France), +49 40 6752 9120 (Germany), +39 02 87368748 (Italy), +351 308 803 072 (Portugal), +34 932 204 005 (Spain)
